

In the Drawings:

Please replace drawing sheets 6/7 and 7/7 with the attached “Replacement Sheet 6/7” and
“Replacement Sheet 7/7.”

REMARKS

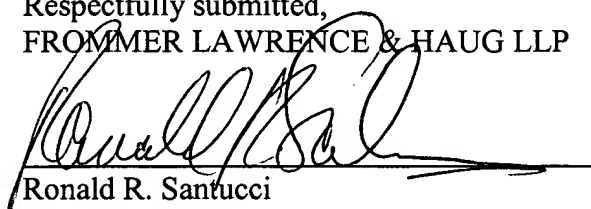

Consideration of the above amendment is respectfully requested. Applicant noted that the Examiner's Amendment, which was included with the Notice of Allowability mailed in the above application, contained instructions to add cross-hatching to a portion of Figs. 11 and 12, and reference numeral 84. The replacement sheets submitted herewith reflect these changes to the Figures.

In addition, the specification is amended to contain reference numeral 84, to place the drawings and the specification in conformity and as discussed during the interview with Examiner Nguyen on January 7, 2005. It should be noted that, as presented above, the amendment to the specification also indicates the Examiner's Amendment to that same paragraph related to "shaft 72." No new matter is added by these amendments.

The Commissioner is authorized to charge any additional fees that may be required to Deposit Account No. 50-0320.

Respectfully submitted,
FROMMER LAWRENCE & HAUG LLP
